Dear Sir,

Made in USA Label:

Keep USA label to mean
just that: 90 to 100% made
here.

Any thing less than 90%
made here could have
a label that reads:
"Assembled in U.S.A."

"More than 50% made and
assembled in U.S.A."

I want to buy "made in USA"
but I can't always find
what I need. When this
happens I will try to find
these items "used".

I want my money to go to
support my ~~country~~ country
and the workers in
the U.S.A.
